Athurugiriya, Sri Lanka

PROFESSIONAL SUMMARY

Motivated Computer Security undergraduate with a strong interest in information security, software development, and database management. Skilled in Python, Java, C#, ASP.NET Core MVC, and relational databases through academic projects and continuous learning. Passionate about solving technical problems, learning emerging technologies, and working collaboratively in team environments to apply and expand technical knowledge

 Akila Mihiranga

EDUCATION

University of Plymouth

BSc (Hons) Computer Security
2024 - 2027

Foundation Programme for Bachelor's Degree

NSBM Green University
2024 - 2025

Level 3 Diploma in Information Technology

Esoft Metro Campus - Nugegoda
2023 - 2024

Diploma in English

Esoft Metro Campus - Nugegoda
2023 - 2024

GCE Ordinary Level

Central College - Maharagama

TECHNICAL SKILLS

Programming & Databases: Python, Java, C#, MySQL, PostgreSQL, SQLite

Tools & Technologies: Git, GitHub, Visual Studio, Visual Studio Code, Figma, Cisco Packet Tracer

Concepts: Object-Oriented Programming (OOP), Data Structures, Database

Management, Exception Handling
Available upon request.

ACHIEVEMENTS

- Top 30 Teams (Out of 270+) - CodeMania v6.0
- Semi-Finalist - ideaX 2025
- Finalist - Duothan 5.0 (IEEE Student Branch - NSBM)
- Top 15 Teams - Nexora 1.0
- Top 10 Teams - HatchtoKnight (FOSS Community)
- Winner - Ignite

PROJECTS

Handloom and Heritage Web Application

(C#, ASP.NET Core MVC, Entity Framework Core, SQLite, Razor Pages, Bootstrap)

- Developed a web-based application for managing handloom and heritage-related information.
- Implemented secure session-based authentication and authorization.
- Built complete CRUD functionality using Entity Framework Core, applying OOP principles and exception handling for maintainable code.

Lost Link - University Lost & Found System

- Designed a university lost and found management system to simplify reporting, tracking, and retrieving lost items.
- Focused on efficient database handling and record management.

SOFT SKILLS

- Teamwork, Leadership
- Communication
- Problem Solving
- Time Management
- Adaptability
